

The Magic Box

I will put in the box

A magical pot of Ecuadorian gold from South America
A sparkling blue jewel from our queen
The finest pizza from its home in Italy

I will put in the box

A fearsome red devil with fiery flames coming out of his head
An almighty mansion that's as tall as the Eiffel tower
The colossal corpse of a terrible tiger

I will put in the box

The head of Charles The 1st from the English civil war
The amazing book of Jane Eyre by Charlotte Bronte
The great playwright William Shakespeare

My box is fashioned from Ice, fire and water
With mountain rock on the lid and miracles in the corners
Its hinges are as shiny as an ancient crystal

I will travel around the universe looking for more
Amazing treasures to put in my super precious box
